About Your Adviser

“Our vision is to give our clients the freedom they want by being the professional they need.”

Eleven Edge Financial Planning

Danny has over 20 years' experience in the financial planning profession, having started out as a paraplanner in Melbourne CBD back in 2000. Towards the later part of his career, Danny pursued his passion to build a leading-edge financial planning practice, to provide advice that simply made sense.

Inspired by his younger brother (Xavier Xi at Axle Edge Accounting Group) and several of his senior mentors, he decided to step away from the corporate world and established Eleven Edge Financial Planning in March 2013.

His core values are to focus on the genuine needs of the client's financial welfare, irrespective of the client's net worth. The advice provided is strategy driven, easy-to-understand and most importantly, provides his clients the freedom and confidence to make smarter decisions about their money.

Qualifications:

Danny holds a Bachelor of Business degree from the Royal Melbourne Institute of Technology (majoring in Financial Planning) and has achieved CFP® status (Certified Financial Planner), which is the highest professional designation awarded by the Financial Planning Association of Australia (FPA).

Personal Details / Hobbies:

Outside of work, Danny enjoys spending time with his family and friends. He was raised in a loving and hardworking family of 6 kids, where mum and dad migrated to Australia as refugees in search of a new beginning.

Outside of work, Danny enjoys spending time with his wife (Rose) and daughters (Harper & Mackenzie), walking their two dogs (Max & Blaze), fresh food shopping at South Melbourne market, eating out at their local favourite restaurants and attending AFL matches to watch the mighty Essendon Bombers compete.
